Lane Representative Program

Lane Representatives are the representatives of the bowling center and their bowlers to our local association board and are also board representatives to our centers, leagues and bowlers. They are responsible for maintaining communication between the local association and the members and centers in our association.

Lane Representatives do not have to be board members and we encourage the selection of non-board members as part of the Lane Representative program. We need representatives from the male, female and youth leagues within the center.

Please list the names and contact information for the Lane Representatives to represent your Bowling center. We also need the names of the two Lane Representatives who should have their pictures on the association picture frame in your center.
